We are committed to providing you with a safe and healthy environment throughout your stay with us. To this end we will ensure protective measures against new contagions such as colds, flu and the Coronavirus (COVID-19).

Here are just SOME Precautionary measures we have implemented to ensure safety and health for everyone.

- We ask all RVers to use their own bathroom facilities rather than the community bathhouse, which is reserved for our tenters and cabin guests, and limited to two people at a time to ensure social distancing.
- We operate with an enhanced cleaning and sanitation schedule, devoting additional time to making certain bathrooms, showers and any common areas are all kept in sanitary condition and that all surfaces are disinfected regularly.
- Self- Check-in options are available for pre-registered and pre-paid guests through your phone, tablet or laptop. Our map, guidelines and other documents are available there.
- Our Welcome Center (and store) is OPEN. Guests are limited to two at a time and we ask that you use sanitizer and wear a mask.
- We hope to open the POOL by July 1. When open, it will require limited capacity to allow for social distancing. A sign-up sheet will be available to register for time in hour-long increments.
- The Laundry is OPEN – limited to ONE PERSON (or family) at a time. Please wash hands upon entry. We disinfect frequently. No pets in the laundry room and no pet items to be washed in this facility.
- Picnic tables are to be used at your own risk. We disinfect them between guests (with an approved bleach solution). We recommend the use of your own tablecloth that you take with you upon departure.
- As always ~ All pets must be leashed and picked up after. Pet receptacles are on the property.
- Note: These protocols are subject to change without notice. They are updated as State and Federal guidance is issued or amended. Thank you for your understanding and cooperation.
- We are happy to have you with us.
